

TECHNICAL REGULATIONS

5.1 INTRODUCTION; The following technical regulations are set out in accordance with the Motorsport UK specified format and it should be clearly understood that if the following texts do not clearly specify that you can do it, you should work on the principal that you cannot.

Where nothing is listed for a reference number and heading, the subject is 'free' within Motorsport UK NCR.

5.2 GENERAL DESCRIPTION

The Series is for competitors competing in the Saloon/GT class. There shall be two classes;

Cl 1; for Steel monocoque-shelled series production saloon cars

Cl 2; for series production, fixed-head Grand Touring cars and coupes. Selected 'tube frame' special saloon GT and sports cars may be permitted to compete at the discretion of the organisers.

NB: In Class 1 the term 'Saloon Cars' refers to vehicles which were originally designed and built to carry **four** occupants and homologated as such. In all cases, the engine must be located in the same position as in the standard vehicle.
